

# UNIPRESS

## 42X and 45X ALL PURPOSE UTILITY DRYCLEANING PRESSES

The Unipress 42X and 45X are designed with the operator and owner in mind. Operators love the open area around the buck allowing unrestricted movement of garments, which increases production and improves quality. Owners are impressed with the reliability and low capital cost.

The Unipress X-Series utility presses are loaded with standard features.

- Wide Head Opening
- Finger Tip Pressure Regulator
- Fast Smooth Operation
- Single Cylinder Action
- Minimum of Floor Space
- Heavy Duty Steel Frame Construction
- Microprocessor Controls with Self Diagnostics
